Business Question and Visualization Report

Date	16 March 2026
Project Name	Visualizing Housing Market Trends: An Analysis of Sale Prices and Features using Tableau
Maximum Marks	5 Marks

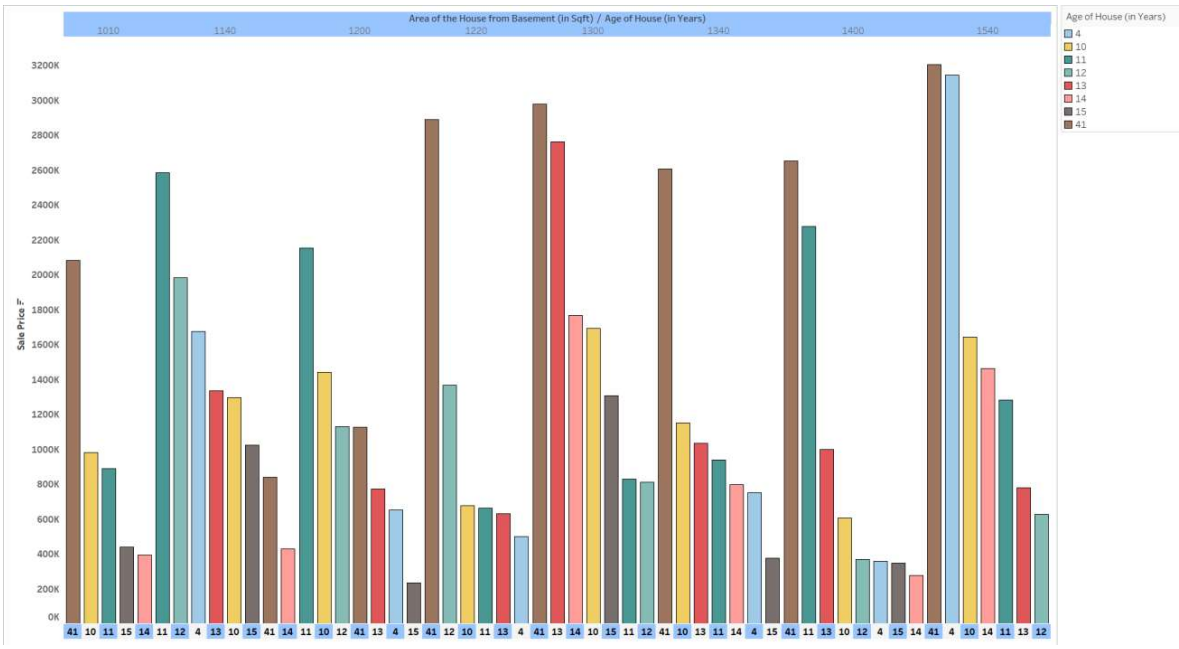
1. What is the average sale price of houses?

Visualization: Summary dashboard showing the average sale price of houses.

Count of House Dataset.csv	21,609
Avg. Sale Price	511,619
Area of the House from Basement (in Sqft)	38,643,798

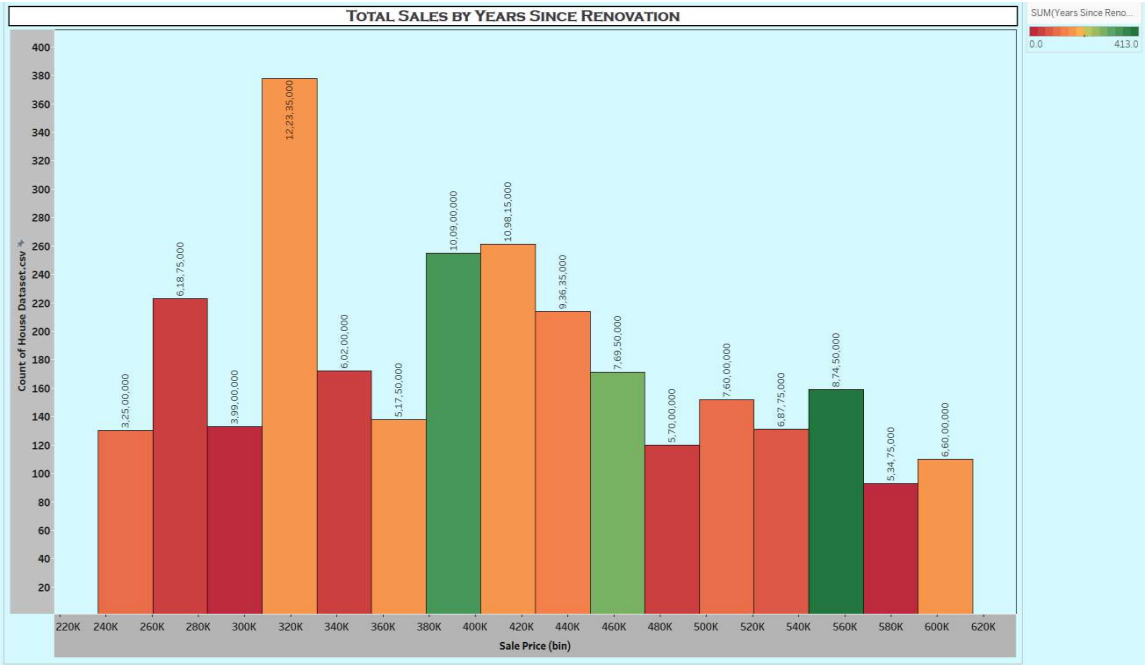
2. Which basement size shows the highest sale price?

Visualization: Bar chart showing the highest sale price.



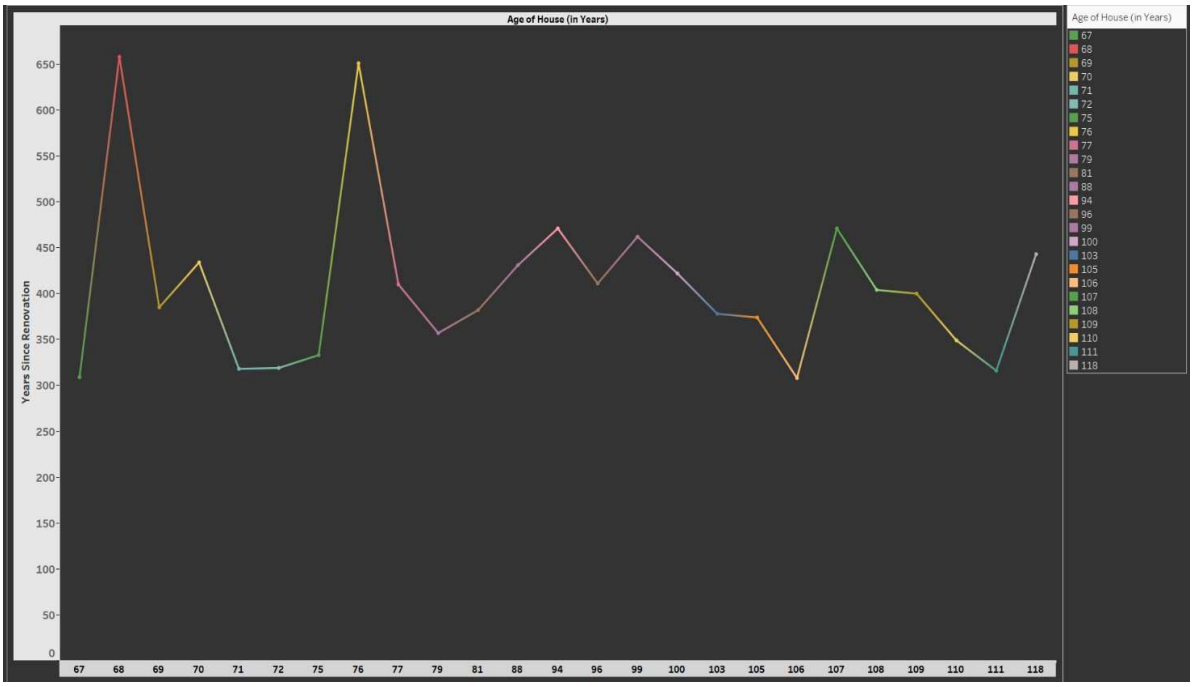
3. Which price range has the lowest number of sales?

Visualization: Bar chart showing the lowest number of sales.



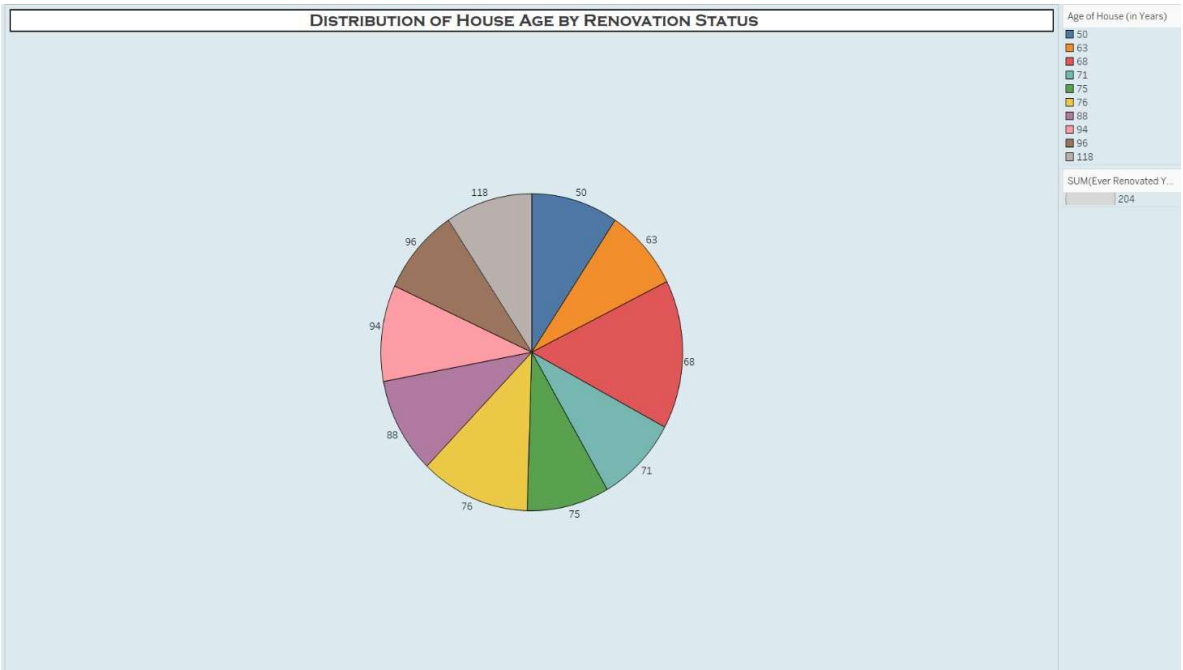
4. What does the color coding represent?

Visualization: Line chart represents different house ages.



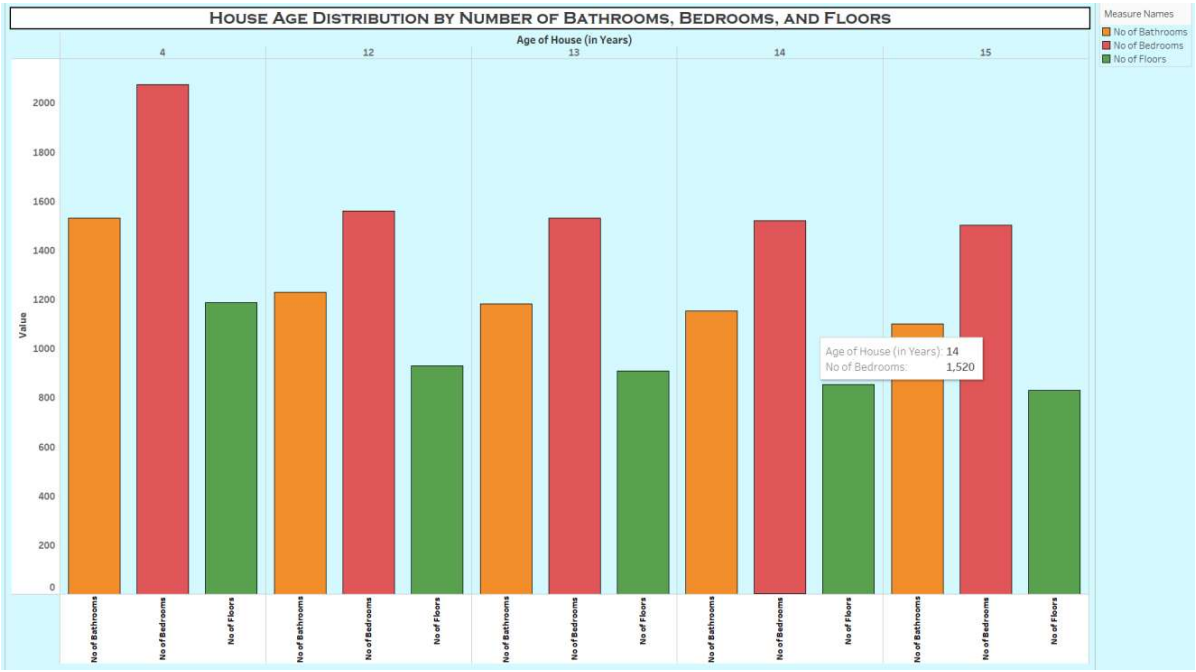
5. How many different houses age categories are shown?

Visualization: Pie chart showing the different houses age categories.



6. What age groups of houses are included in the chart?

Visualization: Bar chart shows the age group of houses.



7. What is the count of houses in the dataset for each house age?

Visualization: Text table show the count of houses in the dataset for each house age.

Age of House (in ..	No of Bathrooms	No of Bedrooms	No of Floors	Overall Grade	Waterfront View Yes	Count of House Dataset.csv	No of Times Visited	Years Since Renovation
4	1,531	2,076	1,187	4,769	2	558	61	0
10	973	1,200	804	3,028	0	366	76	0
